**International Women's Day**

Date:-8<sup>th</sup> March 2019

Gender issues include all aspects and concerns related to women's and men's lives and situations in society, the way they interrelate, their differences in access to and use of resources, their activities, and how they react to changes, interventions, and policies. Every year our college organizes a program on Gender Issues on International Women's Day, on 8<sup>th</sup> March. This year on Friday 8<sup>th</sup> March 2019 International Women's Day was celebrated.

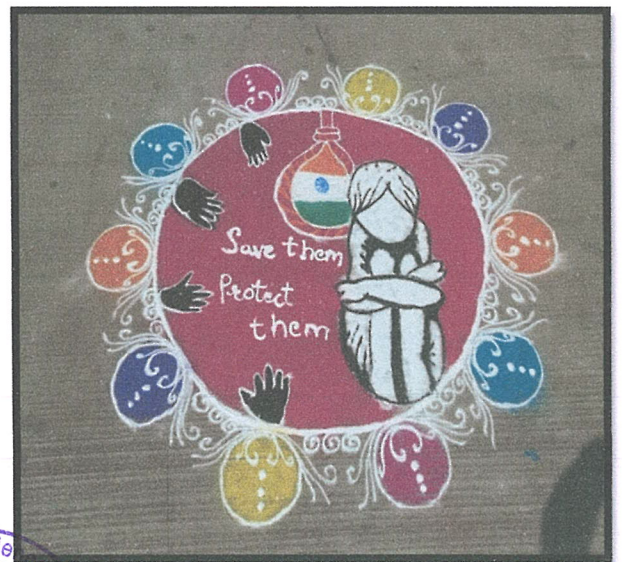

Dr. Jayashree Upadhye, Principal of the college was a speaker for the day. She spoke about the 'Women in the 21<sup>st</sup> Century'. She said, 'Women are an integral part of human society. But for a woman, there could not have been any man. She is the mother of mankind. Despite holding such an important and unquestionable position, the role of women has been defined by men over millennia.'

Further, she said that events on earth demand the emergence of the feminine essence of Love all around. In the 21<sup>st</sup> century, women do not need to look at the historical injustices done to them. It is time to put all that behind her and look forward to her empowered role in this 'Aquarian age.' Women today need not look anywhere for a perfect role model. They need to look within and listen to their intuition, to take the right action at the right time.

She said that some of you must be experiencing doubts. 'I do not have so much courage.' You do not need to be Rani Laxmi Bai to bring about this change. All you need to do is find your voice. All you need to do is spread unconditional love and compassion. Just take that first step in whichever way you can. Use the power of tears, use the power of anger, and use the power of words.

The program ended with a vote of thanks by Mr. Somnath Swami, SDO of the college.
