MY EARTH – MY DUTY (TREE PLANTATION)

Date: 27th July 2022

As we all know, oxygen is essential for all living beings to survive, and trees are the primary source of it. However, global warming has become a significant issue worldwide, and planting trees has become a crucial aspect of combating this problem.

On July 27th, 2022, AAER's Asian College of Science and Commerce Dhayari, Pune-41, organized a Tree Plantation activity called 'MY EARTH - MY DUTY' under the NSS department. The initiative aimed to provide young people with a platform to engage in community service and social activities while promoting their personal and social development. Participants were selected based on their interest and commitment to community service.

With the help of Asst. Prof. Kengar R. S., the NSS Program Officer, and HOD of Arts Department Asst. Prof. Akush Jadhav, the NSS volunteers planted over 21 trees. The students also placed bricks as barricades and took the responsibility of nourishing and maintaining the allocated plant.

Honorable Anita Sapate, President of the AAER institute, Vice-president Honorable Anand Sapate, Secretary Honorable Anil Sapate, and Dr. Savita Singh, Principal of the college, provided invaluable guidance for this activity.

FEMININE HYGIENE

Date:-27th September 2022

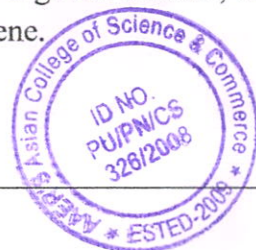

Menstruation and menstrual practices are still clouded by taboos and socio-cultural restrictions resulting in adolescent girls remaining ignorant of the scientific facts and hygienic health practices, which sometimes result in adverse health outcomes.

Menstruation is a major part of life for millions of young girls and women worldwide. On average, a woman will menstruate for 3,000 days during her lifetime. However, the needs and challenges faced by many young women and girls as they struggle to manage their menstrual hygiene are largely ignored, especially in developing countries. This situation persists despite new developments in the hygiene and sanitation sector in recent years.

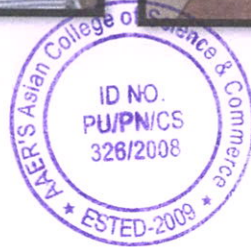

An awareness program on "feminine hygiene" was conducted on 27th September 2022 by the National Service Scheme Department of the Asian College of Science & Commerce, in collaboration with "Poona Serological Blood Bank".

The program ended with the distribution of sanitary pads and wet wipes to all the participants along with the housekeeping staff. the objective of the program was to enhance the knowledge regarding menstrual hygiene and increase the awareness among the students and the faculty members about menstrual hygiene.

Around 80 students of the Asian College of Science & Commerce participated in the program along with staff. The program ended with the distribution of sanitary pads and wet wipes to all the participants along with the housekeeping staff. The event was a grand success, and everyone appreciated the opportunity and was aware of menstrual hygiene.
